GARRETT BEGINS WORK NEXT WEEK

WILL GO TO ST LOUIS AND VICINITY ON FIRST TRIP

MAKING HOG DIRECTORY

Will Assist in Organizing Breed Associations—Encourage Pig Clubs And Sales

W. O. Garrett will take up his work as field agent for the Breed Promotion Association at Peora, Ill., next week. Mr. Garrett will not leave town for a long trip, however until April 11 when the new administration will go into office. His first trip will be to St. Louis and vicinity where he will confer with individual breeders of Poland-China as well as country agents, and others interested in live stock.

Poland-China breeders' associations will be organized in all of these places that they do not exsist. The pig clubs will be an important adjunt, which the breed promotion association will encourage. This year prizes will be given to 100 pig clubs in the United States. Already 86 clubs have sent in names of their organizations voluntarily as applicants for prizes offered. At least 400 will have applied before the time expires. As only 86 can receive these prizes it will be a process of elimination. The 86 best ones will be chosen.

The field men will carry cameras with them to take pictures of prize hogs and clubs which will be of interest to breeders. These pictures are to be used in making films banners, and calendars and booklets.

The field agents will help the breeders in their sales when they are in a community where one is going on. If a man has Poland-Chinas for sale note will be made of this by the field agent when he visits another community where a man wants to buy he will get them together, Mr. Garrett says.

A directory is being made of all Poland-China breeders in the United States. The name standing, size of herd and any other information about his is being listed. If inquiries come in, about a certain Poland-China breeder it may be had at short notice for it is all available. This is to be done for every state in the union.

The field agents are to assist the Poland-China breeders in any way possible, while they are in the field. When the fair season opens in the fall it will not be possible for the field agents to visit every fair but they will delegate some one to do part of this work for them.

ATTEMPTS TO TERRORIZE WORKERS FAIL COMPETELY

Few Unimportant Walkouts — Banks and Post Offices Looted—Reds Cut Wires at Bremen.

Berlin, March 30.—Twenty-eight communists are reported to have been killed by the Security police at Gelvesburg. The police casualties are unknown. The attempts to terrorize the Berlin workers and bring about general strikes seemed to have failed completely today. There were a few unimportant walkouts but no general paralysis has fallen upon the industries. Outbreaks are reported from many other regions. Postoffices and banks have been looted. The dynamite stored in the communists headquarters at Breslau exploded, destroying the building. The Reds at Bremen cut all of the telephone wires as well as telegraph, isolating the city.

MOTHER OF MRS. THOMAS DIES SUDDENLY TODAY

Death is Thought to Have Occured Shortly after Marriage of Daughter At Reading, Pa.

A message received here this afternoon of the death of Mrs. Andrew Shaaber, mother of Mrs. D. J. Thomas of this city, which is thought to have occurred shortly after the marriage of Mrs. Shaaber's daughter, Miss Mary Shaaber, to Jacob Howe at Reading, Pa. The marriage was to have taken place at 12 o'clock today at the First Baptist church at Reading. The message was sent from Reading at 12:45 o'clock, and gave no details.

Dr. Thomas, son-in-law of Mrs. Shaaber, received a letter today from Mrs. Thomas who left Wednesday of last week for a visit with her parents and to attend her sister's wedding, stating that her mother was in excellent health. It it thought then that Mrs. Shaaber's death was very sudden and a shock to the family.

Funeral services for Mrs. Shaaber will be held at Reading. Besides her husband, she is survived by only the two daughters. Dr. Thomas has not decided whether he will attend the burial rites.

PIERCE RETURNS FROM ST. LOUIS CONFERENCE.

W. C. Pierce returned yesterday from St. Louis, where he with former Mayor H. M. Beardsley and J. D. Bowersock, chairman of the Jackson county Republican committee, were in conference with Senator Spencer to discuss the United States district attorneyship at Kansas City. They renewed their opposition to the appointment of Charles C. Madison, which was blocked for confirmation by Spencer before the last Senate went out of existence. It is the opinion of Spencer that Madison's name will not be sent in by President Harding again.

THANK YOU—I wish to thank those who supported me and voted for me in the election yesterday. I appreciated their support very much.

LARGEST CIRCULATION IN NODAWAY COUNTY

FIFTY YEARS AGO TODAY

(Taken from the Nodaway Democrat of Wednesday, March 29.)

Our special reporter informs us mumps, measles and whooping cough are prevailing near Graham in this county.

From our exchanges we learn that the fruit crop in all parts of Northwest Missouri promises well. In our county, so far as we have been able to learn, the buds are uninjured, and if we have no cold "snap" we look for a generous yeild from the orchards the coming season.

Track-laying on the east end of the St. Louis, Council Bluffs and Omaha Railroad is going on rapidly under the management of Mr. Norton. We understand that the road is permanently located to Mt. Pleasant, Gentry County, and is graded to Pattonsburg, Daviss County.

Dawson & Edwadrs will shortly move their law office to a neatly-fitted room in the brick building recently occupied by Albin, Laffer & Holmes. The entrance of their office will be on Third street, and they will have a pleasant location.

As will be seen by notice elsewhere Mr. Harvey T. Crane and Miss Lizzie M. Evans were married on last Sunday evening. The Democrat office returns thanks for a generous supply of cake and extends to the happy couple the best wishes for any amount of prosperity and happiness in the future.

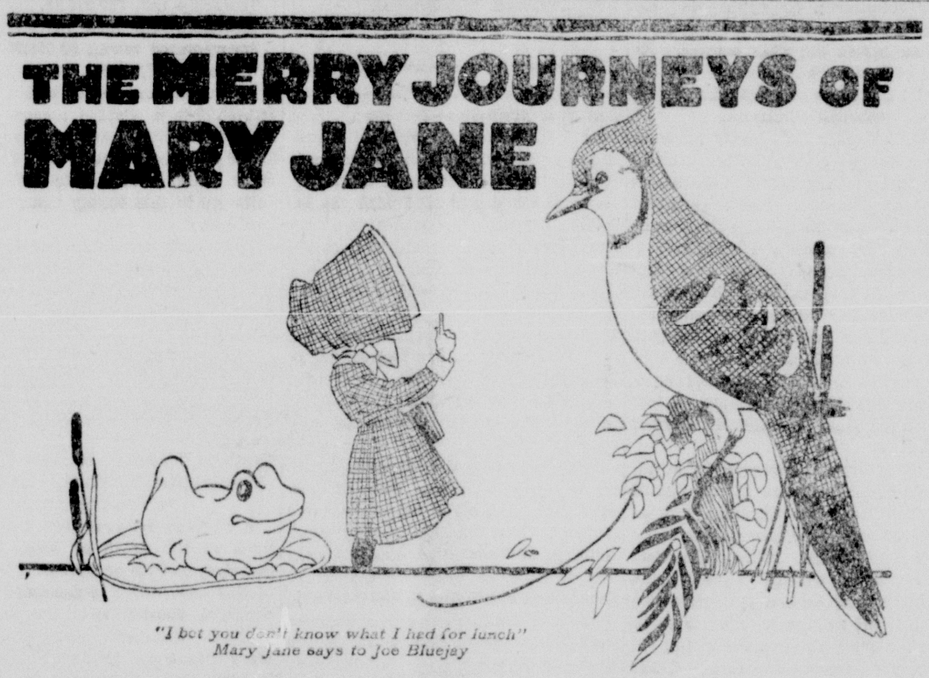
THE MERRY JOURNEYS OF MARY JANE



"I bet you don't know what I had for lunch" Mary Jane says to Joe Bluejay

Mary Jane and Joe Bluejay

ONE fine day when Spring had come and old Fatty Bullfrog had started to tell people "You-better-go-'round —You-better-go-'round" Mary Jane met Joe Bluejay.

Joe was sitting at the edge of a twig making faces and calling names at Tabby Whitenose, the cat. Tabby had a very bad temper anyhow, and what Joe said to her didn't make it any better.

Mary Jane drove tabby away and told Joe he ought to know better than to start a rumpus on a beautiful Spring day like that. Joe said he knew it, but old Whiteface was too smart anyway.

Mary Jane said "Well you know a lot, but I bet you don't know what I had for lunch." And Joe said what did she have for lunch.

Mary Jane said "I had the most delicious pancakes all spread over with Mary Jane Syrup. I ate, and I ate till my mother was afraid I'd bust. But she said 'I don't blame you—they are so good anybody would want to eat them just the way you do.'"

And then Mary gave Joe Bluejay one of the pancakes all for himself, and then he said, "Mary, your judgment of pancakes and syrup is all right. And you tell your mother I said so."

And Mary did, and now they have pancakes and waffles, and all sorts of delicious food spread with Mary Jane Syrup whenever they want it.

Get Skin Disease?

Purify Your Blood

A great part of the maddening and mortifying skin troubles that plague humanity are due solely to disorders of the blood. Relief from these can be had only by removing from your blood stream the impurities that cause the itching.

For this you must take an internal blood remedy. Outside applications have no effect on the cause of the torture. Their relief is shortlived. You must get right after the blood itself.

S.S.S., the famous old herb remedy, has helped enrich the blood of thousands, and relieved their itching skin torture, during the last fifty years.

Get S.S.S. from your druggist today, and after starting with it write us a history of your case, addressing Chief Medical Advisor, 837 Swift Laboratory, Atlanta, Georgia.

It is admitted, however, that Viviani is prepared to give the president the views of France with regard to the League, if they are sought. It is believed that the president's position will be that of the listener. There has been no indication that Harding will disclose to Viviani or anyone else his policy with regard to the future course of America in world politics.

LUSTROUS SILKS FOR SPRING NEEDS.

Lovely shimmering silks, fabrics beloved by women because of their beauty of color, the grace of line they take and their great durability, are more in demand this season than ever. Words cannot do justice to the gorgeous new Canton crepes, sport silks, crepe de chine, taffetas and satins in plain and embroidered effects. Come in and see them and you will find yourself selecting lengths for frocks, blouses, linings, hats and lingerie.

Canton crepe, blue, grey and brown....$2.00 to $5.50

Imported voiles and organides, embroidered and printed.....$2.25 to $4.25

GAY GINGHAMS FOR FROCKS

Imagine Spring without new gingham frocks. Impossible! It is none too soon to select your needs from these delightful colorful patterns. Domestic and imported weaves, in plaids, checks, stripes or plain, need little trimming because of the beauty of the fabric. Because they tub and wear so well gingham is the ideal fabric for the tub frock. New Spring ginghams.....25c to 85c

TRIMMINGS

The trimmings this year will play a more important role than ever. There seems to be a wide variety of selection with the popularity being in favor, at present, of embroidered net flouncing, eyelet embroidery on fine organdy, irridescent trimming beads in the long and round, embroidery rope floss in all the new shades, soutache and military braid, metallic braids and laces, plain and fancy buttons, and frocks, blouses and lingerie are given an indescribably lovely touch by the addition of sheer laces and embroidery, many of which have been imported in quantities this year.

NEW WOOLENS ARE MOST MODERATELY PRICED.

Market conditions at the time of purchase were advantageous to us, unusually so, hence you profit likewise. The new frock, suit or wraps bought from this year's woolens will cost comparatively little. Luscious, soft piled fabrics make handsome wraps, while the many new twills are admirable for frocks and suits.

One of the new creations in woolens is the New Sport Coatings, in bright colors and plaids, at $2.50 to $5

FRUIT CROP IN MISSOURI DAMAGED MILLIONS OF DOLLARS

Kansas City, March 30.—The damage to the fruit crop in Missouri and Kansas will total $20,000,000 as a result of the two freezes, it was estimated today. The whole southern half of Missouri had fruit destroyed which the state board of agriculture fixes at $10,000,000. Kansas is suffering badly in the western half with many communities unheard from. The loss now totals from seven to ten million dollars. The upland wheat also was damaged by the wind and freeze. The loss on the wheat is expected to run even higher than on the fruit.

Three Epochs in Woman's Life.

There are three critical stages in a woman's life which leave their mark on her career—the first when she changes from a care-free girl to a woman, the second motherhood, and the third is change of life. Most of the misery which comes to women through ill health dates from one or another of these periods, but women should remember that Lydia E. Pinkham's Vegetable Compound is a reliable remedy and has been very successful in overcoming the ailments which may come to them at these times, as it is a natural restorative for such conditions. Nearly a half century of success entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded woman.—Adv.

THREAD-RUBBER Willard STORAGE BATTERY INSULATION

Which Battery?

You won't be satisfied with a car unless you are satisfied with the battery.

The Willard Threaded Rubber Battery not only gives the right service to begin with, but keeps on giving it, and actually outlasts the battery plates.

The plates are *insulated*—not merely separated. And the Threaded Rubber Insulation neither warps, cracks, nor punctures, because unlike wood separators, it is not affected by battery acid.

Drive around. Ask questions. We give authorized Willard Service.

LIBERAL RECEIPTS OF LIVE STOCK PRICES AVERAGE LOWER.

Kansas City Stock Yards, March 28.—Because of a delayed movement of live stock in the past two weeks owing to unsettled labor conditions receipts in all divisions today were slightly above normal. This week's run will about clean up the supplies held back in previous weeks, and next week's runs will be lighter. The effect of increased supplies was lower prices. Cattle were down 15 to 25 cents, hogs off 25 cents and sheep and lambs were weak to 25 cents lower.

Today's Receipts.

Receipts today were 15,000 cattle, 15,000 hogs, and 11,000 sheep, compared with 8,500 cattle, 5,000 hogs, and 8,500 sheep a week ago, and 14,950 cattle, 15,500 hogs, and 8,400 sheep a year ago.

Beef Cattle.

Receipts of cattle today were liberal with prices 15 to 25 cents under last week's close. Declines in Chicago caused some of the weakness here, but as it will take only a few days to absorb the supplies held back for the past two weeks the lower prices are probably only temporary. The few choice steers here sold at $9.50 to $9.75, and the bulk of the offerings brought $8.25 to $9.50. A good many Oklahoma and Texas meal fed steers sold at 8.25 to $9.00, and Colorado pulp fed steers $8.50 to $9.25. Cows and heifers were mostly 10 to 15 cents lower, and in some cases handy weight heifers and yearlings nearly steady. Veal calves were steady to 50 cents lower.

Stockers and Feeders.

Weather conditions decreased demand for grazing cattle and stockers. There was a fairly good demand for fleshy feeders. Prices for most thin cattle were 25 cents lower, and general trade quiet.

Hogs.

The first fairly large receipts of hogs in two weeks brought lower prices today. The market opened 25 to 40 cents lower and later in most cases was off only 25 cents. The top price was $10.25 and bulk of sales $9.25 to $10.00. There is more than a normal spread in prices for this season of the year. Pigs were 25 cents lower at $10.25 to $11.50.

Sheep and Lambs.

Sheep were steady and lambs weak to 25 cents lower. Lambs sold up to $9.80, most of the heavy lambs $8.75 to $9.50, and clipped lambs $8.00 to $8.35. Ewes are quoted at $5.25 to $6.00, and wethers $6.00 to $6.75.

Horses and Mules.

Trade in the horse division was much the same as a week ago. Demand shows increasing proportions at steady prices. Mules are selling readily.

The Sleeve Valve

The velvet-smooth Willys-Knight motor is as simple as the sliding sleeves of a telescope.

Slits cut in the sleeves admit and emit the gases. Springs and poppet valves are absent. So is motor trouble.

The motor runs indefinitely, with no noticeable wear on the sleeves after thousands of miles.

Such carbon as packs back of the compression ring, actually seals compression more tightly—delivering more power.

Thus Willys-Knight has come into unique distinction as the motor that improves with use.

IMPROVES WITH USE.
